Support Service**

# About iLink

## Thrive at Home

iLink's in-home program gives you the ability to remain in your home longer by offering virtual support.

## Support The Way You Want

You have complete and immediate control over your privacy and iLink's virtual support staff are available 24/7 to answer your calls for support.

## Help When & Where You Need

iLink offers the right support, at the right time--use only what you need when you need it.

---

**You and your family choose  
how iLink supports you in  
your home.**

---

## Virtual Support Includes:

- 2-way Intercom
- Door Sensors
- Motion Sensors
- Stove Support to assist in turning on/off your stove top
- One 360° Camera with fully customizable privacy settings
